

Stairway to Cat Heaven Quilt Supply List

The pattern and fusible web already marked will be \$3. You get the pattern for the cats and moon, but will be able to skip the cut, tape and trace part of the construction.

Sewing machine in good working order, with a new needle installed.

Sewing thread in a dark neutral color for construction.

Sewing thread in colors to match your cats and moon appliques.

Basic sewing supplies: Pins, cutting ruler (I use a 6 x 12" ruler) rotary cutter with new blade, seam ripper (mistakes do happen...), snips and scissors

Optional: Small iron and ironing surface, if desired., chocolate...

The guild provides cutting mats, ironing board and iron. You may want to have a power strip or extension cord. I will have extra rulers.

The appliques can be sewn down with a straight stitch, if your machine does not do either a zig-zag or buttonhole stitch.

Fabric Requirements

10-12 Assorted prints ... 1/4 yd. of each (for the 9 patches)*

Blue star print ... 1 3/8 yds. (sky)

Black solid ... 1 1/2 yds. (cats and border)**

Cream solid ... 1/2 yds. (moon)

Backing ... 3 1/2 yds.

*You can make your 'stairway as uniform in color, or as wild as you want. Color choices should be within a small value range to carry out the theme of cats at night.

** I made my cats different colors. A fat quarter (18"x22") for each one would be sufficient.
